Use of Overlays

- Locate area on map at beginning of each degree square set. [Please note that maps were not available for some degree squares.]
- Orient your site location to the 30 minute line and the bottom base line on the map and approximate the location within the degree square.
- The overlays for each degree square are in chronological order from earliest to latest.
- Review each index sheet for photography which covers your approximate area.
- Note the date, spot number, scale, and exposures for the photography you are interested in.
- Request photography using the spot numbers as noted above.
